Welcome to Pacific Dunes

Located in the spectacular Port Stephens region on New South Wales lower north coast, Pacific Dunes is a \$180 million golf course and residential community.

Winding through the natural undulations of the site is the centerpiece of the Pacific Dunes community; an 18-hole championship golf course designed by James Wilcher, Greg Norman's lead designer in the Australasian region. The course was recently ranked #57 in Australia by Australian Golf Digest & #26 by Golf Australia, in the top 100 best public access courses

The highly acclaimed and rated layout is known for its overall quality of design and uncompromising detail to attention, offering pure bent-grass greens, USGA grade sand and manicured Santa Ana Couch Fairways maintained by a full time team of agronomists.
